

ANNEX F

CHARITY GUIDELINES

- F.1. The aim of these notes is to provide guidance to the SMFC Committee when considering making donations to charity.
- F.2. Guidelines are as follows:
- a. The Club should, wherever possible, support local charity events when asked. Whenever it is practicable to provide a relevant display of what we do. Whether or not money changes hands largely depends on the circumstances around which the event is based. These conditions should be finalised well before the day of such an event.
 - b. In the event of SMFC being approached to donate money to a local worthy cause, the Committee will make a decision on the amount to be donated.
 - c. In the event that SMFC is approached for sponsorship of a member or their close associate who is involved in a charity event, the Committee will make a decision on the amount to be donated. Any Committee member with personal involvement in the subject charity is not permitted to vote on the matter.
